Event Details

A new event to the lighthouse roster this year is the Lighthouse Carnival taking place on August 29. Formerly the Rendezvous on the Water, this TBYC sponsored event and CLLS fundraiser will feature a corn roast, entertainment, lighthouse tour, film and an ecological exhibit.

Entertainment is provided by the Scott Van Teeffelen Band and they will perform a few sets during the day and into the evening.

Corn on the Cob, Vic Miller - French fries, salad, and other items will be added to eat during the carnival. The BBQ will be available for doing your own thing.

Other Activities

The Gordon Graham Film showing in the gallery will feature the Graham Family in a 1980's CBC production of life as a keeper.

EcoSuperior and Ocean Bridge - Direct Action program will be sharing their weather & ecology data experience in the Porphyry Island Provincial Park - Nature Reserve.

Lighthouse tours will be scheduled for new visitors to the island at the point. Monarch Butterflies are hoping to attend prior to returning to Mexico.

The event is limited to 60 people and will follow Heath Canada guidelines regarding outdoor activities.

Mooring Locations

Due to extra boating traffic, it is suggested additional anchorages can be found in Walkers Channel at Saunders' Bay and Edward Island. (see below for aerial pictures)

Charter & Ticket

For TBYC members who do not have a boat, a charter operation is running from the Silver Islet Docks. The cost is \$100 and includes your carnival ticket. One shuttle is leaving at 10am, with others following later dependent upon booking numbers. To book go to cls.ca and hit the 'book now' menu tab. (bookings could change due to weather or docking facilities)

Thanks to our sponsors, supporters and volunteers!

Tickets are \$50 per person and includes above activities.
